

# Drastic Changes In Traffic Laws In Effect Today

Policemen Have Been Especially Trained in New Regulations and Will Rigidly Enforce Them.

CHANGES TO RELIEVE  
CONGESTION IN CITY

Right and Left Turns Barred at Five Points to All Except Southbound Traffic on Peachtree.

Atlanta's new traffic regulations, voluminous in detail and containing many sweeping changes over previous traffic laws, which were adopted by city council at its last session, go into effect this morning. Traffic officers, under Sergeant E. E. Callaway, for the last two weeks have been training themselves on the new provisions and announce they are ready to begin a relentless crusade to enforce observance of these measures.

Principal changes in the new regulations governing traffic are concentrated on the congested area which includes all territory embraced between the following streets: Cain, on the north; Mitchell, on the south; Spring, on the west; and Central avenue, on the east. The new provisions increase the speed limit in this area and the city limits from 10 to 20 miles per hour for automobiles and from 8 to 15 miles for motor trucks.

Many Traffic Changes. Considerable attention to parking, non-parking and elimination of left or right turns on the principal thoroughfares in the congested area are included in the new regulations, all of which are calculated to prevent traffic blocking and enable traffic to pass through the business districts more rapidly.

At Five Points, which is considered the most congested spot in Atlanta, special provisions have been made which will insure less delay and blocks both for the drivers of vehicles and pedestrians. All vehicular traffic on Peachtree, Marietta, Decatur and Edgewood avenue, with the exception of southbound traffic on Peachtree which is permitted to make right turns on turning either to the right or left. This rule is also effective at Whitehall and Alabama streets. Left turns are prohibited at Whitehall and Hunter, Peachtree and Auburn avenue, Peachtree and Pryor, Pryor and Peachtree, James and Peachtree, Poplar and Peachtree, and Carnegie way and Peachtree streets.

Rules on Parking. The following rules relative to parking, non-parking and limited parking privileges, on streets in the congested area are contained in the following regulations:

"At all times it shall be unlawful to park on the following streets: On any viaduct or bridge in the city of Atlanta: Pryor street between Houston and Peachtree streets; Fairlie street, between Carnegie way and Marietta street; west side of Cone street between Carnegie way and Marietta street; Poplar street between Peachtree and Spring streets; James street between Peachtree and Spring streets; Peachtree street between Ellis and Junction streets; Pryor and Peachtree streets; Houston street between Peachtree and Pryor streets.

Section 67. Non-parking between 7 a. m. and 7 p. m. on the following streets:

Alabama street between Forsyth and Broad street; east side of Pryor street between Edgewood and Hunter street; west side of Courtland street, between Gilmer and Edgewood avenue; Wall street on north side between Pryor and Central avenue; Porter place on south side; Edgewood avenue on north side between Iry and Courtland streets; Peachtree street, between North avenue and Ponce de Leon avenue and Kimball street.

Thirty minutes parking between 9 a. m. and 4 p. m. on the following streets:

Section 68. The fact that General Gordon, of Georgia, a Confederate officer in the late war, was invited by Vice President Wilson to temporarily occupy the Vice President's chair in the United States Senate the other day, was mentioned by several newspapers as a significant evidence of the bridging of the "bloody chasm." But the Knoxville Chronicle goes to remark that this is not the first instance of the kind—last General Beauregard, of North Carolina, a Major-General in the Confederate army, had repeatedly been called to preside over the Senate for more than a year by Vice President Calfax.

What Became of Confederate Funds. An interview with Colonel Pickett, of Virginia, is published relative to the current statement that John Thompson and Jeff Davis had divided between themselves a sum of half a million of dollars when the Confederacy exploded. Pickett, it will be remembered, is the man who, last fall, negotiated the sale of the Confederate archives to the government. In the interview he avers the truth of the charges made as John Thompson is concerned, but says nothing as to Davis.

## HOOVER APPROVES PROPOSED CHANGE IN RADIO RULES

Reallocation of Wave Lengths for Broadcasting to Be Gradually Put Into Effect.

BY THE ASSOCIATED PRESS. Washington, April 1.—Recommendations of the recent National Radio conference for reallocations of ether wave lengths as a means of reducing interference will be accepted with certain slight modifications by the commerce department, Secretary Hoover announced today, but will be put into effect gradually.

Broadcasting stations will be given time to adjust equipment to their new wave length assignment and no station will be forced to cease use of the present 300 meter band. The conference concluded its sessions today and its report has been in the hands of Mr. Hoover since.

"The recommendations by the radio conference represent a step in ideal development of measures for the prevention of interference in public broadcasting," Mr. Hoover's statement declared.

"The report recommends making available all wave lengths from 222 to 545 meters for public broadcasting, the various possible bands to be assigned to different stations so as not only to reduce direct interference but also to build up zonal regions of distribution.

"The department fully accepts the recommendations of the conference, but there are a number of difficulties in placing the plan abruptly into action; first, the hardship that it may cause to various stations that have arbitrarily to new wave lengths; second, the difficulties introduced by the ship to shore communication which are now working to some extent on 300 meters and also on 450 meters. The conference recommended that the ultimate development for ship communication be to assign for the general purpose of shipping the whole wave area from 600 to 800 meters.

"In order to make progress in this direction of developing the area from 600 to 800 for ship communication, it is proposed that all ships and all shore stations used for ship communications shall cease using 450 meters between 7 and 11 p. m., but may use 700 meters at any time. The 300 meters wave length now assigned under the international convention is very little used and will be used for island broadcasting.

"For internal broadcasting the department proposes to co-operate with the various stations with a view to developing a systematic assignment of wave lengths to the various stations within the broad confines of the recommendations of the conference. In order to carry this out without hardship the following classification of stations will be made:

Station Classifications. "Class A stations—that is, stations equipped to use power not exceeding 500 watts. In this class it is proposed that the radio inspectors, in co-operation with the station owners, shall assign distinctive wave lengths to each station so far as is possible in the area from 222 to 300 meters. No station will be required to change from 300 unless it so desires.

"Class B stations—that is, stations equipped to use from 500 to 1,000 watts. In this class it is proposed to similarly offer to license these stations.

## Ordered From Church, Klansmen Lose Masks In Lively Scrimmage

Pittsburg, Pa., April 1.—Six members of a band of 16 white hooded Ku Klux Klansmen were shorn of their masks in a scrimmage after they had been ordered from Bellevue Methodist Episcopal church by the pastor, the Rev. Dr. B. B. Umy, today.

The Easter Sunday services had just begun when the 16 figures entered and walked down an aisle toward the pulpit. They were stopped by Elmer L. Kidney, attorney and member of the church board. The Easter morning worshippers were startled and Mr. Kidney commanded the members of the masked band to leave.

"At this point Dr. Umy intervened: 'Gentlemen,' he said, 'I shall have you removed from this church.'"

## PROSPECTS BRIGHT AS WORKERS OPEN \$40,000 CAMPAIGN

Salvation Army Will Offer One of Best Organized Canvassing Forces in City Since War.

BY THE ASSOCIATED PRESS. Paris, April 1.—France is spending 51 million francs in modernizing her six capital ships under the government's interpretation of the Washington naval accord. At the request of The Associated Press, the minister of marine, Flaminius Riberthi, today explained at length precisely what is being done.

"You ask me two questions," he said, "one relative to the changes in the old ships and the other about ratification of the Washington naval treaty."

"The first subject is dealt with in the first paragraph of section one of the third part of the Washington treaty upon the limitation of naval armaments. This paragraph authorizes the contracting powers to increase the defensive power of their ships against submarine and aerial attacks by additional lateral caissons and protecting bridges, provided the tonnage is not increased more than 3,000 tons.

"As to artillery, the treaty forbids any change in the number, calibre and general type of mounting of the units of principal armament. However, recognizing the special situation of France, which possesses only old units—as she ceased to construct since the war—she is authorized, as Italy, to increase the calibre of the guns of her battleships, provided the calibre does not exceed sixteen inches.

"France has conformed strictly to these provisions, even before ratifying the treaty. The only modification of her armament she contemplates is that which consists in increasing the angle of elevation of the guns on her battleships thereby increasing their range, and to modernize firing methods.

"It was in 1916, on the battleship Danton (sunk by a submarine in the Mediterranean), that we began the transformation of artillery now under way. This was necessitated by the short range possible with our pre-war gun mountings. We could have taken advantage of the right given us.

## FRENCH MINISTER OF MARINE TALKS ON NAVY PROGRAM

Asserts Modernization of Capital Ships in Entire Accord With Washington Treaty.

ALSO EXPLAINS DELAY  
IN RATIFYING TREATY

Says France Has Gone to the Utmost Limit in Limitation of Naval Strength.

BY THE ASSOCIATED PRESS. Paris, April 1.—France is spending 51 million francs in modernizing her six capital ships under the government's interpretation of the Washington naval accord. ## U. S. RAIL CONTROL ATTACKED BY REALTORS

President of Pennsylvania Road Says Regulatory Policy Is Actually Confiscation of Investment.

New York, April 1.—Samuel Rea, president of the Pennsylvania Railroad company, asserts, in his annual report to stockholders, made public tonight, that the government's railroad regulatory policy "which since 1908 has allowed a return upon the railroad investment averaging only about 4 per cent per annum for this 15-year period, is not regulation, but confiscation of the investment."

## Six Unmasked Men Take Bags of Mail From Baggage Room

Springfield, Ill., April 1.—Six unmasked men, believed by the police to be members of a St. Louis gang, today entered the Chicago & Alton baggage room here and escaped with four bags of mail. After firing almost fifty shots, five of the robbers threw the mail bags in an automobile and escaped. One of the men, whose police state is Bryan J. Shelton, alias "Pewee" Shelton, of St. Louis, was arrested.

The robbers failed to take a registered mail sack which lay on the truck with the others. Postal authorities are tonight attempting to check the loss.

The four mail sacks, empty, were found in the east end of the city late today.

## POST-WAR SLUMP COMPLETELY OVER, IN DAVIS' OPINION

Secretary of Labor Compares Industrial Conditions Now With Those One Year Ago.

BY THE ASSOCIATED PRESS. Washington, April 1.—"In a comparison of present industrial conditions with those which existed April 1 a year ago, Secretary Davis predicted today that, with the exercise of ordinary caution, the country should have a continued period of substantial prosperity that will put behind us the whole era of depression which followed the war."

The labor secretary also predicted that with the accumulating of coal stocks next summer there would be an abundant coal supply next fall and winter and a more "normal" market price as compared with the past winter.

Continuing, the statement said: "Outside of the coal industry pessimism rather than optimism prevailed in the other basic industries one year ago today."

Idle Men Normal. "Prior to that time the unemployed had numbered approximately five million; today that number is reduced to normal."

"One year ago the steel industry unfilled order tonnage was less than four million tons; today it is nearly eight million tons. The former is the basis of dull business while the latter means 'full steam ahead.'"

"The same is largely true of the textile and allied industries. April 1, 1922, found overloaded shelves with which finally involved over 80,000 workers before the summer was over. Today, empty shelves, plenty of work, no strikes and both employer and employees sharing in the general prosperity."

"Despite the threat of industrial depression there had been but little reduction of the general wage level throughout industry, and today the trend of wage scales is upward. During the past four months wages in practically all of the 43 industries covered by the bureau of labor statistics. These increases have been general, especially in the iron and steel industry, foundries and machine shops, sawmills, furniture, leather and paper and pulp establishments."

Wages Increasing. "The iron and steel plants inaugurated a 10 per cent increase in September. This was not met at the time by all establishments, but since then it has been met by practically

## Thousands Enjoy Stone Mountain Concert by Elks

Great Cliff Forms Perfect Sounding Board to Project the Music.

More than 5,000 people heard the concert given by the Elks' band at Stone Mountain Sunday afternoon. More would have heard it if the roads had not become congested with the great number of automobiles.

The band outdid its previous efforts. Under the direction of Mike Greenblatt, the conductor, it has become one of the finest bodies of musicians in this vicinity, and its program Sunday afternoon was highly praised.

The Stone Mountain amphitheater, at the base of the cliff where Gutzon Borglum is soon to begin work on the confederate memorial, proved again that it was an ideal place for musical events. Those present declared that the music was even clearer and more enjoyable from a location half a mile and more from the base of the mountain than it was 200 feet away.

The great cliff forms a perfect sounding board to project the music over the entire elevation which rises to the east of the mountain, and hundreds of cars were stationed along the road that leads away from the mountain, enjoying the concert in its new dress uniform and made a very fine appearance. It was also accompanied by the uniformed patrol of the Elks' lodge, as an escort of honor.

## ATHENS COUPLE KILLED BY TRAIN NEAR WHITFIELD

Man and Woman, Identified as R. F. Davis and Wife, at LaGrange Funeral Home.

THEIR AUTOMOBILE  
WAS HIT BY TRAIN

Woman, Crushed, Dies Instantly—Man Dies Without Regaining Consciousness or Telling Names.

LaGrange, Ga., April 1.—(Special.) A man and a woman identified as R. F. Davis, 54, and his wife, 25, of Athens, were killed last night when their automobile in which they were riding was struck by the Atlanta and West Point accommodation train No. 41, at a grade crossing at Whitfield, a flag station seven miles from LaGrange.

Mrs. Davis was badly crushed and died on the train, which stopped to bring them to LaGrange for medical attention. Mr. Davis died at a local hospital shortly after his arrival, never having regained consciousness.

Was Touring Stores. Mr. Davis was said to have been on a tour of inspection of his chain of stores, which reaches around the state from Abbeville to Americus, and was accompanied by his wife.

The curtains of the car, a light touring model, were up and in approaching the main highway from a detour forced by paving now in progress, they reached the railroad tracks at a point which is considered to be extremely dangerous. They did not hear the approaching train which crashed down on them, wrecking their automobile and mangled them both.

The man was identified by an envelope in his pocket, addressed to "R. F. Davis, Davis Produce company, Athens, Ga."

Taken to Athens Today. The bodies were both removed to the LaGrange funeral home and relatives in Athens notified. The bodies will be removed Monday morning to Athens, leaving LaGrange on train No. 40, A. & W. P., and transferring in Atlanta to the Seaboard train which reaches Athens late tonight.

Arrangements had not been made Sunday for the funeral which, it is expected, will take place Tuesday or Wednesday.

Mr. Davis is survived by two sons, E. C. Davis and H. C. Davis, of Athens, and four daughters, Mrs. J. H. Williams, of Athens; Mrs. W. C. Tindall, of Graceland, Fla.; Miss Mary V. and Blanche Davis, of Athens. All the children are by a former wife.

## PLAN NEW TAXES ON BIG INCOMES

"Progressives" Have Program for Next Congress of Drastic Revisions in Tax Legislation.

Washington, April 1.—A program for tax legislation in the next congress tentatively agreed on by the "progressive bloc" of the house was made public today by Representative Frear, republican, of Wisconsin, who declared several measures have been drawn to meet weakness of the 1921 revenue law.

The bloc, he said, in a statement, will urge adoption of a constitutional amendment to bring investments in tax free securities and stock dividends within the taxing powers of the federal government, and enactment of a gift tax, a retroactive tax on undistributed profits and excess profit tax. Legislation which would require the treasury to make tax records public also will be sponsored, said Mr. Frear, adding that "any proposal to enact a sales tax will meet with certain defeat."

Gross Injustice. Commenting on the need for a constitutional amendment to reach tax free holdings or stock dividends, the Wisconsin representative who is a member of the house ways and means committee, said that single individuals often hold millions of dollars tax free, "whereas many professional men are paying far larger taxes on their personal service income alone."

"Grossly unjust result," he added, "is due to tax evasion made possible by court decisions in this country."

In proposing an increase of the inheritance tax, those who favor such a measure, Mr. Frear said, would grant certain credits "where state laws overlap the federal laws on inheritance taxes."

A gift tax, he declared, will be urged as serviceable in preventing estate tax evasions.

## Krupp Executives Held by French Following Riots

TURKEY INVITED  
TO RESUME PEACE  
PARLEY BY ALLIES

British Foreign Office Issues Text of the Identical Note Sent to Ismet Pasha.

BY THE ASSOCIATED PRESS. London, April 1.—The British foreign office has issued the text of an identical note from the allies addressed to Ismet Pasha, head of the Turkish delegation which has the Near Eastern peace proposals in charge, inviting the Turks to a resumption of the peace conference at Lausanne.

The note excludes from the discussions any new proposals involving substantial modification of the territorial provisions already agreed upon, but offers to accept in principle Turkey's proposed redrafting of the convention relating to the judicial status of foreigners in Turkey in order to meet Turkey's ideas of reciprocity to such an extent as may be considered practicable. The stipulation is that the powers cannot be regarded as pledged to any changes in the Lausanne treaty as recently suggested.

Mutual Concessions. With regard to Ismet Pasha's request that the economic clauses should be detached from the treaty and negotiated subsequently between the interested parties, the note says explicitly that the economic clauses must be redrafted at Lausanne concomitantly but adds:

"The inviting powers believe it should be possible in the course of the negotiations, and by means of some mutual concessions, to arrive at an agreement upon clauses of this nature to be inserted in the treaty."

The note proceeds to explain with reference to the security of foreign capital and enterprises in Turkey that the allied powers already have invited some of their nationals interested to negotiate direct with the Turkish government; and it suggests that the success of such negotiations would greatly facilitate the conclusion of peace.

To Leave Details. Continuing the note says that only in the event of the failure of such negotiations within a reasonable time would the allies have to insist on the insertion in the treaty itself of detailed provisions approximating those appearing in the draft agreement of January 31 in order to safeguard the vital interests of their nationals.

"For the rest," it is added, "it will be possible to deal with some of the other economic clauses in a more general manner, if necessary, leaving certain details to be settled by subsequent negotiations between the Turkish government and each government interested."

The note concludes with an expression of the conviction that with equal good will on both sides at Lausanne it will be possible to conclude a peace without difficulty.

## Mexican Beauty, Chaplin Smitten, Foiled by Negri

Came From Mexico City, Invades Chaplin Home, Meets Pola, Takes Poison.

Los Angeles, Cal., April 1.—Mrs. Marina Vega, daughter of a prominent family of Mexico City, becoming enamored with Charles Chaplin, the famous screen comedian, secretly entered Chaplin's Hollywood home, clashed with Pola Negri, Charlie's fiancée, and then attempted suicide by poison, according to her story told to the police and hospital attaches, who revived her.

Mrs. Vega, young and pretty, said she registered at a fashionable local hotel a week ago upon her arrival from Mexico City, where she separated from her husband because of her "love" for Chaplin.

The girl said she made several visits to Chaplin's home and each time encountered Pola Negri, the noted foreign film tragedienne, who recently arrived in America and became engaged to Chaplin.

Police records give Mrs. Vega's age as 20.

Mrs. Vega is apparently well known in Mexico. She has sent several telegrams to Mexican notables, including Francisco R. Serrano, minister of war in the Oregon cabinet, and Pedro J. Alameda, inspector-general of police in Mexico City.

"No, I don't think Charlie is so great a man now," Mrs. Vega said, between applications of the stomach pump to the hospital, "after talking to Mr. Negri."

Four Superintendents Are Charged With Instigating Attack of Workmen on French Troops.

FRENCHMAN IS KILLED BY FRENCH PATROL

Four French Killed When Trainload of Coal Goes Over Embankment, Say Reports.

Essen, April 1.—This city felt both heels of the French invader Sunday, following the contest between troops and citizens Saturday in which 30 of the latter were killed or wounded.

Four superintendents of the Krupp gun works have been arrested, charged with instigating the workers' resistance to the soldiers.

Reserve contingents of Polish patrolled the streets and broke up gatherings of Germans. The curfew law was strictly enforced.

Relative calm reigned in the city, but one or two outbreaks occurred. A Belgian soldier was attacked and robbed of his dispatch pouch, and a French soldier and a French secret policeman were roughly treated by a small riot group.

FRENCHMAN SHOT BY FRENCH PATROL.

Buer, Germany, April 1.—(By the Associated Press.)—One member of a party of Frenchmen, traveling in a motorboat along the Rhine-Horne canal near Buer Erle today was shot and killed by the French shore patrol, say advices received here.

It is asserted the boat, which was flying the German flag did not heed the patrol's command to halt. The patrol is said not to have ascertained that the occupants of the boat were Frenchmen until after the craft had been fired on.

Four Frenchmen were killed and three Frenchmen and one German injured today when a freight train loaded with coal went over an embankment at Schifferstadt while on the way from Lautersburg to Ludwigshafen, according to reports received here from Mannheim. It is said that the train took the wrong siding, ran over a bulkhead and tumbled down the embankment. Two engines, which were drawing the train and a baggage car also were wrecked.

A twenty-two-year-old German named Mieruch is reported to have been shot and killed by the French at Recklinghausen. It is stated Mieruch was an invalid.

## AUTO HITS TRAIN, FIVE PEOPLE DIE

Car Suddenly Lurches Forward and Crashes Into Side of Moving Locomotive.

Ashtand, Ky., April 1.—Five persons were killed here this afternoon when the automobile in which they were riding crashed into a Chesapeake and Ohio passenger train at a crossing on the outskirts of the city. The dead are: Mr. and Mrs. E. F. Tinsley, their 8-year-old daughter, Ernestine; J. R. Saunders, all of Ashtand, and Miss Carrie Keever, 30, Greenup county; Mrs. Saunders, her two children and a baby of the dead couple, also were in the car at the time of the accident, escaped injury.

Witnesses of the accident claim the car suddenly lurched forward as the train was crossing the road and crashed into the side of the engine. It is not known who was driving the car. The bodies were badly mangled.

The Saunders baby was taken to a hospital here where it was learned that it was only slightly injured.

Mr. Tinsley was employed in a shoe factory in Huntington, W. Va.

The Weather  
FAIR AND WARMER.

Washington, April 1.—Forecast: Georgia—Fair and warmer Monday and Tuesday.

Virginia—Fair with rapidly rising temperature Monday; Tuesday cloudy and warmer.

North Carolina, South Carolina—Fair and warmer Monday and Tuesday.

Florida—Generally fair Monday and Tuesday; somewhat warmer Monday.

Extreme northwest Florida, Alabama and Mississippi—Fair and warmer Monday; Tuesday cloudy probably becoming unsettled.

Tennessee and Kentucky—Fair and warmer Monday; Tuesday cloudy with mild temperature, probably followed by local rains in west portion.

## 50 YEARS AGO TODAY IN The Constitution (FACSIMILES)

The fact that General Gordon, of Georgia, a Confederate officer in the late war, was invited by Vice President Wilson to temporarily occupy the Vice President's chair in the United States Senate the other day, was mentioned by several newspapers as a significant evidence of the bridging of the "bloody chasm." But the Knoxville Chronicle goes to remark that this is not the first instance of the kind—last General Beauregard, of North Carolina, a Major-General in the Confederate army, had repeatedly been called to preside over the Senate for more than a year by Vice President Calfax.

What Became of Confederate Funds. An interview with Colonel Pickett, of Virginia, is published relative to the current statement that John Thompson and Jeff Davis had divided between themselves a sum of half a million of dollars when the Confederacy exploded. Pickett, it will be remembered, is the man who, last fall, negotiated the sale of the Confederate archives to the government. In the interview he avers the truth of the charges made as John Thompson is concerned, but says nothing as to Davis.

## List of New Rules to Guide Auto Drivers; Heavy Penalties to Be Given All Offenders

Important changes in Atlanta's new traffic regulations which become effective Monday morning:

Parking at all times, both day and night, is forbidden on the following streets: On any viaduct or bridge in the city of Atlanta: Pryor street between Houston and Peachtree streets; Fairlie street, between Carnegie way and Marietta street; west side of Cone street between Carnegie way and Marietta street; Poplar street between Peachtree and Spring streets; James street between Peachtree and Spring streets; Peachtree street between Ellis and Junction streets; Pryor and Peachtree streets; Houston street between Peachtree and Pryor streets.

Non-parking between 7 a. m. and 7 p. m.: Alabama street between Forsyth and Broad; east side of Pryor street between Edgewood and Hunter; west side of Courtland street, between Gilmer and Edgewood; Wall street (north side) between Pryor and Central avenue; south side/Porter place; Edgewood avenue on north side between Iry and Courtland streets; Peachtree

## ALLEGED FLOGGERS ROUND-UP BEGUN

**Birmingham Detectives  
Arrest Two More Ac-  
cused Members of Mask-  
ed, Flogger Band.**

Birmingham, Ala., April 1.—The roundup of members of the band which kidnapped and flogged Dr. J. D. Dowling, city health officer, last May, was begun in earnest Sunday when city detectives took two men into custody on charges of being dangerous and suspicious characters, for their alleged connection with the flogging. The men arrested are Sam Cargio, of Tarrant City, and J. E. Ford, of Mount Pinos.

The arrest of Cargio and Ford followed a statement by Dr. J. D. Dowling, Saturday in which he said to have told officers ten men composed the party that abducted Dr. Dowling. Their apprehension brings the number of alleged members of the band whose identities have been made public to six. Three of this number have been indicted and the remaining three, Tyson, Ford and Cargio, are being held at the city jail on suspicion.

It was intimated Sunday night that a partial statement had been made by another member of the band. This statement is said to coincide with that made by Tyson Saturday in which he went into detail concerning the flogging of the city and county health officer.

Whether a special grand jury would be called Monday to continue the investigation of the flogging had not been determined by Solicitor Jim Davis Sunday night. Mr. Davis said his action was contingent on developments tomorrow. In view of the fact that the regular grand jury will be organized until April 9, it is thought Mr. Davis will call a special session, before which he will place the cases of the men named in Tyson's statement.

## Steamer Avontown Cargo of Finest Liquors in U. S.

**10,000 Cases, Whisky and  
Champagne, Off Coast  
of New England.**

Boston, Mass., April 1.—Investigation into the giant rum-running machinery that has been furnishing United States citizens with thousands of cases of expensive Scotch liquors will be started early this week at a special session of the federal grand jury.

At least 25 persons, including lawyers, will be called to tell what they know of the gang of rum-runners whose activities are centered about the liquor-laden steamship Avontown, which has vanished from its hiding place off Block Island.

Nord is going the rounds in sport-circles of Boston that all of the cargo of 10,000 cases will be landed in Massachusetts, Rhode Island and Connecticut before the end of the week. Customers for rum and whisky already been booked and it is reported from some sources that many of these buyers have paid cash in advance.

The stuff consists almost entirely of Scotch whisky and French champagne and it will easily bring \$1,000,000 once safely on shore. For this reason members of the powerful syndicate are expected by revenue officers to make a supreme effort to clean up their prospective profit of \$500,000.

## Southern Mill Stocks

## QUALITY GOES UP.

Newport, R. I., April 1.—United News.—The British steamer Avontown, said to be connected with an extensive liquor smuggling plot with headquarters in Boston, was reported to be near Block Island Sunday night. Since the steamer arrived the quality of liquor sold here has improved, according to those who know.

## MRS. J. S. GLADNEY DIES AT ATLANTA HOSPITAL

Mrs. James Shields Gladney, widow of James S. Gladney, died at a private hospital after an illness of many weeks. She was Miss Lillie McIntosh before her marriage. She moved to Atlanta eleven years ago, from South Carolina. Funeral services will be held in Columbia, S. C. Interment in St. Peter's Catholic church there. H. M. Patterson in charge.

Surviving Mrs. Gladney are two daughters, Mrs. T. P. Hoshall, of Atlanta, and Mrs. C. W. Carroll, of York, N. C.; one brother, John R. McIntosh, of Columbia, S. C., and several grandchildren.

## Skin Eruptions Are Usually Due to Constipation

When you are constipated, not enough of Nature's lubricating liquid is produced in the bowel to keep the food, waste soft and moving. Doctors prescribe Nujol because it acts like this natural lubricant and thus secures regular, bowel movements by Nature's own method—lubrication.

Nujol is a lubricant—a medicine or laxative—cannot gripe. Try it today.

## Nujol A LUBRICANT—NOT A LAXATIVE

## Bonds Continue Downward Anticipating Farm Needs

New York, April 1.—(By the Associated Press.)—With the exception of a few individual issues, mostly of a speculative nature, bond prices during the past week were carried somewhat lower. Most of the active United States government bonds touched new low records early in the week, rallying slightly in later sales after reports that a further increase in the federal reserve discount rate was contemplated, had been proved to be groundless.

Time money seems to be fixed at 5 1/2 per cent and loans for two and four months maturities were limited. Quarterly settlements and a restriction on the part of bankers to restrict loans in anticipation of a spring withdrawal by agricultural centers also contributed to the reaction trend of bond prices. The underwriters, however, estimated that an unusually large amount of bonds have been called for redemption in April in advance of maturities.

The total for the month is estimated at \$128,133,310 as compared with \$26,000,000 in March and only \$12,567,000 in April, last year.

**Big Japanese Issue.**  
New issues last week fell off, due largely to the Easter holidays. The total was \$46,624,540 compared to \$53,999,475 the week before and approximately \$70,000,000 the previous week. The largest issue was that of the Oriental Development of Japan for \$19,000,000 30-year 6 per cent gold debenture bonds. The bonds are guaranteed by the Japanese government and the proceeds will be used in development projects in Korea. The bonds were offered at 92 to yield 6.02 per cent.

## Cotton Is Made Irregular By Straddling Operations

New Orleans, La., April 1.—The price of cotton moved over a fairly wide range last week, 72 to 129 points on the trading markets. At the highest the market was 36 to 69 points over the close of the preceding week, while at the lowest it was 20 to 40 points under the close of the week before. The movement of cotton out of the country was unusually small, total reports from all ports being 39,027 bales, against 61,500 the week last year, and 71,432 this week two years ago.

The weather of the week was almost uniformly unfavorable, temperatures being too low in all cotton states, while too much rain fell everywhere except in Florida, which is the one state that now desires moisture. Planting and preparations to plant are hindered by weather conditions and this coming week, with the advent of April and the real planning season, weather conditions will be more important than they have been. For the next two months low temperatures and active rainfall would be arguments for higher prices, while toward the end, covering by the weather and occasional light showers would furnish ideal conditions for putting in the crop and bringing it up to a stand and would encourage selling.

## Banking Policy Unchanged; Wages Continue Upward

New York, April 1.—(By the Associated Press.)—Perhaps the chief subject of interest in financial and commercial quarters during the past week was the bi-yearly meeting of the federal reserve board with the governors of the several regional banks.

Due to rumors of impending advances in discount rates, which have been in circulation for a number of weeks, it was thought that the board might arrive at and announce a policy at this meeting. On this basis a considerable volume of selling appeared in the chief speculative markets, cotton receding about three cents from the recent high and stocks and bonds displaying a distinctly reactionary tendency. A tendency toward caution was apparent on all sides.

## Girl Says Mother Drove Her Daddy To Suicide Death

Chicago, April 1.—A 9-year-old girl Sunday, accused her mother of sending her "daddy" to his death by suicide. Her mother denied the charge, but the little girl insisted. The woman and the child are the wife and daughter of the late Albert J. Walker.

"You know you did," Lucile, the daughter, said accusingly, in the presence of policemen.

"Papa bore a hole between your room and our room and saw that man kissing you. I saw him kiss you, too, after papa had gone to work."

Walker was quarreling with his wife when he came home Wednesday evening and found John Van Golden, a Belgian shoe clerk, at his home. His wife swore out a warrant and the policeman came to make the arrest.

Walker was coloring Easter eggs for Lucile, and two other children, telling the policemen to wait until he got his coat and hat. Walker went into another room and committed suicide.

Policemen are holding Mrs. Walker for a "probationary contribution" to her husband's suicide. A coroner's jury will decide who is telling the truth, the daughter or the mother.

## Chicago Budget.

Chicago, Ill., April 1.—The family expense budget for Father Dearborn's household was set at a new level today when the city council approved the proposed fiscal plan calling for expenditures of \$154,475,542 for the year. The estimates are some \$12,000,000 over last year.

## Industry Expects Active Reports from industrial districts, meanwhile, confirmed the impression of extraordinary activity. Pig iron production has shown a further increase and steel output has about reached the limits of expansion. Steel manufacturers nevertheless are falling behind on deliveries and prices still are showing a disposition to move upward. A certain amount of resistance is beginning to develop on account of high prices, as in the case of equipment buying by the railroads. Equipment makers have sufficient orders, however, to carry them close to the end of the year.

## Hubbard Bros. & Co., Cotton Merchants Hanover Square, New York

Members New York Cotton Exchange, New Orleans Cotton Exchange, New York Produce Exchange, associate members Liverpool Cotton Association. Orders solicited for the purchase and sale of cotton and cotton seed oil for future delivery. Special attention and liberal terms given for consignments of spot cotton for delivery. Correspondence invited.

### Evangelist Tells Of Lord's Coming In Sermon Sunday

Evangelist A. S. Booth spoke on "Will the Wicked Have a Second Chance?" at the Rialto theater Sunday night. He said: "Just before the Lord, our great High Priest, finishes His work in the Heavenly sanctuary, and comes in His second advent, He utters these words, 'He that is unjust, let him be unjust still; and he which is filthy, let him be filthy still, and he that is righteous, let him be righteous still, and he that is holy, let him be holy still. And, behold, I come quickly; and my reward is with me, to give every man according as his work shall be.' Rev. 22:11-12. This mandate settles the destiny of all. And that is done before the Lord comes the second time. Therefore whatever decisions made by the human family must be made before Christ comes the second time. There is no hope after that.

"As far as the individual is concerned, we must make our decision before death, for there is no hope after. The dead cannot have any hope to receive the truth. Isa. 59:1-2.

"The Seven Last Plagues," Rev. 18:1-19, and "Is Baptism Essential?" will be Mr. Booth's subjects Tuesday and Wednesday nights, at Cable hall.

## RADIO DEPARTMENT

### NEW ORCHESTRA AT WGM TONIGHT

The Ramblers Orchestra, of Atlanta, Will Make Debut to WGM's Fans on Early Program.

A brand new orchestra, with a line of brand new "goods" will make a delivery to Station WGM's audience of listeners from 6 to 7 o'clock tonight. The Ramblers, an organization of seven talented good musicians, appear in a debut performance for fans tonight. Advance information has it that the new orchestra are "jazz" specialists and have a stock of wares which to appeal to lovers of orchestra music.

The Ramblers' orchestra is directed by one Hartwell Jones, a manipulator of the ivories of wide popularity in Atlanta. He has surrounded himself with a group of talented and highly trained musicians, including Harry Vaughn and Frank Kitcher, saxophone artists; Carl Carlson, trumpet; Johnny Wages; banjo; Willie Goldstein, drums; and Bob Pause, violinist—seven in all, and each of them a soloist of merit on his respective instrument.

Indications are that the well-known "spanking" tonight, during which listeners to Station WGM's broadcast will enjoy the latest song and dance hits played in real "Rambling" style.

Those who fail to "tie in" on the early offering will miss an unusual treat by an orchestra which gives promise of forging to the front ranks in orchestration in America within the next few months.

### "The Stuff."

WGM.  
Dear Sirs:  
Just to let you know you are heard here, often. Your midnight programs are the "stuff."

J. A. MAUEL,  
1:18 a. m., C. S. T.,  
Milford, Neb.

### "Clearest Ever Heard."

Station WGM.  
Gentlemen:  
I heard your very delightful concert this evening. It was the clearest that I have ever heard from a southern station.

Sincerely,  
RAYMOND RYAN,  
Minneapolis, Minn.,  
4017 Zenith St.

### OBSERVE EASTER AT NEGRO SCHOOL HERE ON SUNDAY

Easter was observed in the chapel of Holmes Institute Sunday at 3 o'clock. A sermon was delivered by Rev. B. R. Holmes, president, who said "Easter is not commemorated in reality by a large per cent of the people of today, styles and fashions being the principal features of the celebration." A program was rendered by students of Holmes Institute.

### SNUFF THIEVES BUSY

Chapel Street Groceryman Reports Loss to Police.

Chewing tobacco and snuff by the wholesale was removed by burglars from the grocery store of Nahtan Karlich, 189 Chapel street, early Sunday. The place was entered through the front door, after the padlock was broken. The robbery was discovered about 6 o'clock in the morning by Patrolmen Taylor and Burks.

Mr. Karlich estimated that \$40 worth of chewing tobacco and \$30 worth of snuff was taken, besides \$6 in cash, and a few other articles.

Clues gathered by the officers have been turned over to detectives and an early arrest is expected. It is believed that the robbers kept that Officer Burks and Taylor, who patrol this beat Sunday morning, on account of other officers taking their "Sunday off."

### TWO YOUTHS ARRESTED

Alleged Thefts of Automobiles Responsible.

Leonard Harley and Edwin Kirkland, two 16-year-old boys, are held at police station under charges of larceny of an automobile.

They were arrested by Detectives J. E. Shumate and J. S. Melton, who state they will be able to prove their connection with the theft of one car. The prisoners are being grilling in an effort to learn names of their confederates.

Harley lives at 237 Richardson street, while Kirkland lives at 225 Central avenue. The officers expressed the belief that the youths were merely agents for older parties.

### Thanks Mrs. Kennedy.

Beresford, S. D.,  
March 27, 1923.  
Dear Sirs:  
We enjoyed your program very much last evening. Everything rendered came in very clear and so beautiful. We have "listened in" to you before. Thanks to Mrs. Kennedy for arranging such a nice program.

Yours truly,  
MR. & MRS. CHRIS STOEN,  
Route 1, Box 81.

### EASTER PROGRAM VERY ENJOYABLE

Patillo Memorial Church Choir and Soloists Feature WGM's Sunday Afternoon Program.

Listeners of America. Station WGM's usual Sunday audience, were entertained from 3:30 to 4:30 Sunday afternoon with a special program of Easter music, sponsored by Mrs. L. D. Jolly and featuring the choir, quartet and soloists of the Patillo Memorial church of Decatur, Ga. The program emphasized the spirit of Easter in each of the selections. The quartet, being given by Rev. J. O. Brand, pastor of the Decatur church, in which the origin of the day and its proper observance were beautifully explained.

If one could select any outstanding feature of the enjoyable hour's broadcast, the contributions of little Elva Hanna, 10-year-old soprano, and Miss Louis Brand, soprano, were distinct features. Turner's "Easter Song" and other appropriate numbers were given by these artists in a most acceptable manner. Mrs. W. O. Slater, Mrs. T. M. Wingfield, K. B. Edwards, G. F. Goode, and other soloists were heard to unusual advantage in special numbers. Miss Cliff Mable and Mrs. Jolly divided honors in piano accompaniments and solos.

Rev. Brand's seven-minute talk on "Message of Easter" was an interesting discourse on the history of Easter. The minister drawing beautiful illustrations and pictures of the origin of the day and emphasizing its proper observance. His talk was an enjoyable part of the splendid broadcast.

Station WGM's Easter program will go down in the history of the station as one of the most enjoyable broadcasts in many months, offering a variety of Easter music by artists of recognized ability and talent. In every way, the program was a brilliant success and one which will linger in the memory of music lovers of the nation who listened in on Easter Sunday afternoon.

### WGM "Very Clear."

WGM.  
Gentlemen:  
Your evening programs from 9:30 to 10:15 p. m., come in very clear.

Yours truly,  
WILLIAM LUKAS,  
1008 Sanborn St.,  
Jefferson, Wis.

Constantinople.—Col. Wm. M. Haskell, director of the American Relief administration, left here Saturday for Ankara to confer with Mustafa Kemal Kasha, Reuf Bey and other Turkish officials concerning the increasingly serious refugee situation.

Panama.—Former Governor E. Mont Reilly, of Porto Rico, arrived on board the transport, St. Mihel from St. Juan. He will sail for New York Monday.

### Canada Enjoys WGM.

Atlanta Constitution.  
Sirs:  
We wish to tell you that we enjoy your concert very much and our outfit is almost all homemade.

Yours truly,  
STEWART SCOTT, JR.,  
16 Crescent Road,  
Galt, Ont., Canada.

### NOTED ARTISTS APPEAR AT WGM

Widely Known Vocal Stars Entertain Fans on Program Sponsored by Signor E. Volpi.

Last night's 9:30 to 10:30 broadcast from station WGM, The Atlanta Constitution, added a page to the history of this station which glimmers with fresh laurels, standing out as a distinct event in the long series of successful programs broadcast from the station of the "south's standard newspaper." The wonderful offering was sponsored by Signor E. Volpi, celebrated voice teacher of this city, who presented a group of the nation's most popular radio entertainers, Mrs. Rose L. Matthews, dramatic soprano; W. R. Lehman, baritone, and Donald H. King, robust tenor. This trio of noted artists thrilled fans of the western hemisphere with a class and quality of music which must have pleased the most critical listener.

Mrs. Matthews, young, ambitious and possessing a voice of exquisite richness and flexibility, was heard in her favorite song numbers on the late offering. She sang into the station's history a beauty and mellowness that added new charm to numbers which music lovers like best. In her appearance on programs from this station, at intervals during the past few months, she has attained nation-wide popularity. No entertainer before the microphone in America is more popular with listeners than Mrs. Matthews, WGM's exclusive and highly gifted young dramatic soprano.

Mr. Lehman's refreshing baritone was unusually good in his numbers last night. He has one of the most remarkable voices ever heard from this station and following a recent appearance on WGM program, scores of letters flooded this office requesting information of the brilliant baritone and asking that this station have him sing for listeners again at an early date. Mr. Lehman is a recent addition to station WGM, a staff of stars and will be heard regularly during the coming months.

Donald H. King, popular southern tenor who has entertained thousands of song lovers of the nation on musical broadcasts from this station during the past few months, was at his best last night, giving a number of exacting selections with that apparent ease and enthusiasm which characterizes his singing. Few vocalists in America are as popular with fans as station WGM's exclusive robust tenor who added much to the hour's broadcast on Sunday night.

Following his usual custom, Signor Volpi played the piano accompaniments for each of the singers, Mrs. Matthews, Mr. Lehman and Mr. King having studied under the noted Atlantan for several months.

### PROTESTANT WOMEN WILL MEET TUESDAY

Announcement was made Sunday that the Protestant Women's Political league will hold special meetings at 3 and 7:30 o'clock Tuesday at Collum's hall, 255 Whitehall street, by the grand Exalted matron, Mrs. E. N. Gibbs.

### FIRES DAMAGE HOMES Flames Start From Sparks From Chimneys.

Roofs of four homes were seriously damaged by flames Sunday which started from sparks from chimneys. The residences damaged were 560 Woodward avenue, occupied by T. O. Wood; J. L. McGarity's home, 706 Highland avenue, and the homes of D. D. Danforth, 686 Highland avenue, and J. W. Sears, 612 Highland avenue.

The homes of Mr. Danforth and Mr. Sears caught from live sparks from the fire on the roof of Mr. McGarity's residence.

### Clear Weather Greets Easter Fashion Parade

Churches Are Filled and Beautiful Musical Programs Are Rendered.

Undaunted by the chill breezes of a delayed week, Atlanta's fared forth yesterday adorned in the brilliant raiment of spring days to enjoy the clear and crisp Easter Sunday weather.

Attractive new bonnets and the latest dress creations were in evidence among the georgette wearing element of the populace, while the male fared forth in all his glory.

Colors of pink and corals of hot-house flowers outweighed the terrible verdict of the weather man. The meteorologist cried "freezing," while the gayly bedecked persons were gently smiling with flowers, "Spring is here."

As always Easter was a wonderful day for the churches. Virtually every house of worship in the city was comfortably filled at both morning and evening services.

Beautiful musical programs were rendered with special Easter prayer services.

Throwing the subject into reverse and coming from the sublime to the ridiculous, it has not been determined as yet how many bricks concealed under innocent appearing derbies were the objects of somebody's foot. Or the number of bulky pocketbooks discovered on walks possessing that peculiar tendency of suddenly eluding the would-be salvager, by the aid of a hidden string.

It was All Fool's Day. In spite of the fact that it cannot be compared with Easter it has its peculiarities. As a means of speculation, wonder just how many people were so wrapped up in their "duds" that they forgot all about April 1 and its disasters to those of faulty memory?

New York.—Harry Ackerman, 57, of Pittsburg, former president of the Fleischmann Distilling company said to have been a stockholder for years in the Chicago club of the National Baseball league, was found dead in his bed in a hotel. He had suffered from heart disease.

### Open Seat Sale For "Clarence" At Tech Today

Marionettes Will Give Two Performances at Woman's Club Theater.

The seat sale for the Tech Marionette presentation of "Clarence" begins today at 9 o'clock at the Tech Y. M. C. A. and at the Atlanta Woman's club theater. The famous comedy of Booth Tarkington's will be presented by Tech's popular dramatic club on April 13 and 14 at the Atlanta Woman's club theater. After the local performances the play will be taken on a road tour which will include Columbia, S. C.

The cast will be headed by Harry Ellerbe, well-known young actor, in the leading role of "Clarence." This will be his farewell appearance as a Marionette star as he graduates this year. He will be supported by Rodrick Bratley, Landon Clark, Hugh Saussey, Lawrence Petri, John Gill Jimmi, Whitfield, Walter Striplin, Delmar Robertson and Allen Bartlett.

### ED M. CHAPMAN ILL AT HOME IN ATLANTA

Ed. M. Chapman, member of the sales staff of the Adair Realty and Trust company, is confined to his home at 30 Peachtree place with appendicitis. It is expected that Mr. Chapman will be compelled to undergo an operation, but no decision has yet been reached.

### THOMAS FARMERS SHIP TO DISTANT MARKETS

Thomasville, Ga., April 1.—(Special.)—Because the farmers of Thomas county believe they can sell their produce for better prices by shipping it than by selling to the local market, it looks as though Thomasville might lose the big packing plant that was

planning to move its equipment here. The farmers claim that the amount offered for their vegetables is too small and that they have no trouble in getting better prices for them and have been getting them for some time past. More vegetables are being planted in the county than ever before and large tracts are being cultivated and already results are being received from them. Lettuce that rivals any shipped here from other points is being brought in and commands ready sale. Three big truck loads of lettuce grown by T. G. Hendrick, of the Pavo district, were sold here this week and all sorts of other truck being brought to market.

### What's the Quickest Way to \_\_\_\_\_?

In the lives of almost every one there comes the urgent call to reach some point quickly. "Which is the best and quickest way to go?" "Where should connection be made?" Imperative questions! Yet they are just the kind that are quickly completely and satisfactorily answered at the

WHY should you, who possess good teeth, use Kolynos?

Kolynos not only cleans the teeth but gives them a sanitary environment. It cleans scientifically, without scraping, and gives the enamel the pearly lustre so greatly desired. Its use is the best insurance good teeth can have.

WHY should you, with impaired teeth, use Kolynos?

The dentist furnishes the best answer. Follow his advice. Kolynos serves to perpetuate his good work.

WHY should a child's first dentitrice be Kolynos?

If the mouth, gums and teeth are kept in a sanitary condition from earliest childhood, their health in after life is insured.

WHY should those of middle and advanced age use Kolynos?

It serves to correct unhealthy mouth, and tooth conditions often appearing in later life. It curbs the deposit of tartar and aids in the prevention of pyorrhea. For these reasons it is extensively prescribed by leading dentists and physicians.

WHY is it essential to use Kolynos to remove from the mouth, millions of disease-bearing bacteria?

Pernicious bacteria never cease their attack; and the use of Kolynos is a scientific method of insuring the hygienic condition of the mouth. It checks, by a pleasant daily habit, the causes of tooth decay.

WHY do millions say "How clean my mouth feels" after every use of Kolynos?

Kolynos not only makes teeth white and lustrous, but also eliminates bad taste, cools and refreshes the mouth, allays inflammation, tones up the gums and brings them to a healthy pink.

WHY is Kolynos now being extensively used in seventy-seven countries?

Its published formula is in line with the recognized principles of oral hygiene. Kolynos is esteemed by the dental and medical professions and is demanded by the most careful users of dental preparations the world over.

WHY should you start using Kolynos today?

It is never too early to begin saving and beautifying your teeth. Kolynos gives you Tooth and Health Insurance.

THE KOLYNOS COMPANY, NEW HAVEN, CONN.

## MANY LARGE JOBS LET TO GODFREY MARBLE & TILE CO.

With a capacity to handle a half million dollars' worth of business annually—and with a record practically of actually doing that much—the Godfrey Marble & Tile company, of this city, is rapidly forging to the very front rank as contractors in their line.

The company's plant occupies about three acres on Ashby street, near Marietta street, and employs some 50 skilled workmen. Just now the plant is running to full capacity, night and day, and has eight to nine months' work laid out ahead of it. Notwithstanding this, it is always in the market for contracts of its kind, and as occasion demands will enlarge, take on more workmen, and see to it that prompt service is rendered.

## SOUTHERN BEARING CO. HAS GROWN INTO A LARGE BUSINESS

Starting business in a small way, with a small amount of capital, just ten years ago, the Southern Bearing company, located at 315 Edgewood avenue, has grown into one of Atlanta's leading concerns of its kind. And not only in Atlanta, but with a number of branch houses over the southern territory, the company now does a truly wonderful business, and has nearly \$150,000 invested in its business.

The company's business is handling and dealing in bearings and auto replacement parts, carrying a number of well-known and popular lines of standard goods essential in their business.

The company has an investment of \$110,000 in its plant, which represents the most modern machinery available for turning out two or more carloads of finished marble a day. Its reputation for the highest class of work brings to it continuous inquiries and opportunities to take on additional contracts.

The president and treasurer of the company is H. E. Godfrey, while H. M. Godfrey is secretary and manager. This plant was the first marble finishing plant erected in Atlanta, and is the only one handling all kinds of foreign and domestic marble. It has the very newest improved saws and finishing machinery in transit and soon to be installed, and in their yards has now on hand a tremendously large stock of marble, both Tennessee and foreign, which gives to the buyer a great range of varieties to select from in the state.

The company was organized in 1913. Its president and general manager is R. M. Schmore, one of Atlanta's well-known business men. The company is represented in the southeastern states by four live and aggressive men, and about 20 men are included on its payroll.

For some good time the company has maintained a branch in Charlotte, N. C., where J. H. Northey is manager. He has succeeded in building up a large clientele in that state, and has eight distributors in his territory.

Recently the company has established branches at Birmingham, Ala., with G. E. Woodward as manager, and in Jacksonville, Fla., with Charles Decker as manager. The Jacksonville branch is particularly active just now, meeting with wonderful success. The establishment of its branch there has been well received by dealers generally, and it has secured a wide distribution through some of the best concerns in the state.

Among some of the larger contracts recently completed by the Godfrey Marble and Tile company are El Verano hotel at Palm Beach and the Bon-Air hotel in Miami, Fla., which was recently secured among other large contracts the work on the First Bank and Trust company building of Hendersonville, N. C., the new Baltimore, on West Peachtree street, this city; the new addition to the Ansley hotel, Atlanta; the Allen building, opposite the Cecil hotel, Atlanta, and several of the new school buildings for Atlanta.

Among other large contracts which the company has completed in the past are the Haas-Howell building, the Winoff hotel, Dakota hotel, Princeton hotel, Fontaine Leon apartments, Werner apartments, Livingstone apartments, Hyron apartments, North Park apartments, Connally building, Walton building, Atlanta Journal building, Southern Railway building, George Muse building, Southern Bell Telephone building, Realty Trust company building, Grady hospital, Davis-Eischer sanatorium, Wesley Memorial hospital, Emory hospital, New Y. M. C. A. building and a number of hand-some buildings in Asheville, Birmingham, Charleston, Macon, Nashville, Savannah, Memphis, Dallas, Roanoke and many other cities, as well as the following postoffice buildings: Albany, Ga., Athens, Ga., Atlanta, Ga., Barnesville, Ga., Cordele, Ga., Elberton, Ga., Griffin, Ga., Monroe, Ga., Waycross, Ga., West Point, Ga., Abbeville, S. C., Anderson, S. C., Sumter, S. C., Dalton, Ala., Greenville, Miss., Lebanon, Tenn., and Paris, Ky.

## THE WORD 'GAMACO' SPELLS A LOT IN GRINDING PISTONS

When one can regrind a crankshaft within five-tenths of an inch— isn't that near enough perfect to be called 100 per cent. We'll say it is—and then some.

## WEST END TIRE & BATTERY COMPANY TO ENLARGE PLANT

Finding such a ready response on the part of the buying public to take advantage of the service offered by the West End Tire and Battery company, this company has been compelled to make plans for a greatly increased plant, the details of which will be announced later.

That's what the Georgia Machinery company, located at 13 Peters street, claims they can do—and it won't be doubted, either, if you have them to regrind a crankshaft or a gas engine cylinder, either, for that matter, for that's their business.

The company always keeps in touch with the most modern ideas and inventions—improving their plant constantly from time to time—so as they may render the very highest efficiency to their patrons. In fact, the company lays claim to being the only concern in the south which manufactures pistons in any quantity desired, no matter how large. Within the past several months some additional modern machinery has been installed that makes its equipment among the very best to be found anywhere.

Sheet Metal Work

This company is located at 5-7 Gordon street, in West End, a most convenient location for those who need any sort of work in its line—tires, batteries, or vulcanizing. It was organized in November, 1921, but even in so short a time it has built up a large and well established business.

Guy Henderson and F. J. Kreis are in direct charge of the business, both of whom are well known as practical and successful men in this line. Their reputation for turning out the best and most reliable of work brings to them continuously a stream of patrons. Ronny Baker handles the city work, and being a hustler who knows his business, helps to keep the company busy. As service manager of the battery department, the company has with it Frank L. Brandes, a man of twelve years' practical experience and declared to be one of the best battery men in the south. The company employs about ten men, all expert workmen in their line.

As stated above, the fifteen months in which the company has done business has brought to it such a splendid volume of trade that plans are now being made—in fact, have already been made—for a much needed expansion. When this is completed, and the company has more room and has installed some of the modern devices it has already purchased, the officials state that they will be in a position to render even better service in the future than they have in the past—which will be an excellent judgment by the past.

The present phone numbers of the company are West 2326 and 2527. A call over either line will receive the prompt and courteous service which marks the new company among the best in the city.

## THE VITAL FLAME

BY MAY CHRISTIE

A Stirring Serial of Primitive Passions

### CHAPTER XXVIII.

#### THE GATES OF HAPPINESS.

Yes, Marcella was too popular! The thought of "sit out" the greater part of the evening with himself, instead of fox-trotting with those brainless chaps.

He gave a grim smile when he saw Leonie Day making headway with Miles Holden. She was playing right into his hands—Warwick—hands. By jove, he would reward the girl!

The sculptor didn't look near Marcella "all the evening." (Pocketing those letters of his had been an excellent scheme, thought Ironman.)

The next morning Marcella rose early, and went for a gallop on the moors. The rain had ceased, and the landscape looked quite lovely.

Tremor's bout of rheumatism had prevented his riding with her. She was—and here a twinge of conscience struck her—rather glad of it. His manner had been hectoring of late.

The girl looked lovely in her beautifully fitting riding coat. From under her mannish hat, dark curls peeped out. The wind had whipped a glorious color into her cheeks.

On her way home, passing a little copse, she dismounted to pick some early violets, tending the house's reins secretly to the branch of a tree.

Her hands were full of the fragrant flowers when, looking up suddenly from the moss-grown tree-roots, she spied someone walking across the meadows, heading directly for the little wood. It was Miles Holden—she must run away—she must not, would not meet him!

But he was on her before she could make up her mind for flight.

His startled air was scarcely flattering, when he saw her. The unexpected meeting had upset him.

"Out so early?" "I had no idea," she said, dismounting, looking on the flushed loveliness before him, apparently taking no pleasure in it.

"I'm going back to the house. It must be nearly breakfast time," stammered Marcella, letting the violets slip through her fingers.

He stopped to pick them up, gathering them carefully into a bunch, and taking his time about it. The unexpected meeting had upset him.

Then he handed her the flowers. She thanked him, turning to go. "May I walk back with you?" The young man spoke diffidently.

Marcella's chin went up. It was a proud, even obstinate young chin. "Don't let me interrupt your stroll, cut of mere politeness. It is only a mile to the house. I can ride the distance in a few minutes."

He gave a queer smile. "You think your company is so—"

"You think your company is so—"

"You think your company is so—"

"You think your company is so—"

"You think your company is so—"

"You think your company is so—"

## BEAUTY CHATS

BY EDNA K. FORBES

### CHIN STRAPPING.

A little while ago I gave a brief description of a method for strapping the entire face at night with a cold cream pack under bandages. This was a tedious and complicated process, only to be used in extreme cases of dry, neglected skin or wrinkles.

Chin strapping is a simplification of this process. You will need several yards of old linen or muslin strips, two to three inches wide, and a jar of cold cream, whose virtues you can trust. If you wish, you can buy rolls of gauze bandages, but I think this is an unnecessary expense.

Your strips of old material will do just about as well and can be laundered again and again.

The face, and particularly cheeks and chin, are washed with hot water, soap and a complexion brush, then rinsed in hot water. While the skin is moist and very warm a generous amount of flesh building cream is rubbed in thoroughly with the fingers.

The motion under the chin is a circular one, working back from the tip of the chin to the throat, then upward, raising the muscles at the corner of the mouth and passing across the cheeks to the ears. After five minutes of this massage apply a thick coating of cream and begin to bandage.

The strapping under the chin is a circular one, working back from the tip of the chin to the throat, then upward, raising the muscles at the corner of the mouth and passing across the cheeks to the ears. After five minutes of this massage apply a thick coating of cream and begin to bandage.

## The Constitution's Patterns

**A Becoming School Frock.**  
4061. This is a good model for wash materials, silk and cloth. As shown dotted percale and white line are combined. The sleeve may be in wrist or elbow length.

The pattern is cut in five sizes: 4, 6, 8 and 10 years. A 6-year size requires 35-38 yards of 32-inch material. To trim as illustrated requires 3-4 yards of contrasting material.

Pattern mailed to any address on receipt of 10 cents in silver or stamps.

**A Popular Suit Style—For Little Boys.**  
4345. This model will be fine for linen, galathea, poplin and jersey. The sleeve may be in wrist or elbow length. The trousers are made with side closing.

The pattern is cut in five sizes: 2, 3, 4 and 6 years. A 4-year size requires 23-28 yards of 30-inch material.

Pattern mailed to any address on receipt of 10 cents in silver or stamps.

**"The Little One's Outfit."**  
3863. Simple and practical should little girl's garments be, then

sewing and laundering and wearing is easy. The little dress here depicted is nice for voile, lawn, batiste or gingham. The petticoat, and drawers may be of cambric, lawn or crepe.

The pattern is cut in five sizes: 6 months, 1, 2, 3 and 4 years. The dress requires 21-24 yards of material, the petticoat requires 17-8 yards, and the drawers 1 yard for a 2-year size. For ruffles of embroidery on petticoat and dress, 21-24 yards for each will be required.

Pattern mailed to any address on receipt of 10 cents in silver or stamps.

Send 12 cents in silver or stamps for our up-to-date Spring and Summer 1923 book of fashions.

In ordering patterns write name and address plainly on a sheet of paper. Order by number and inclose price in silver or stamps. Do not mail letter to The Constitution building in Atlanta, but address as follows: Fashion Department, The Constitution, 118-80 Fulton street, Brooklyn, New York.

**Confessions of a Debutante**  
BY RUTH AGNES ABELING

**Who's Who in the Story.**  
I ran away from my fiancé. Jonathan Grey, rich and elderly, the son of a man who dances well. His wife, Mrs. Grey, shows me the folly of my course and becomes my friend. I returned home. My engagement to Grey is announced. Though my affection is for my stranger, a chance acquaintance whose name I never learned, but who made love to me. Jonathan hurries our wedding because he fears a breach of promise suit from the girl whom he told to substitute for me at my engagement party in a few days. As the ceremony is finished he has a stroke of paralysis and recovers in a few days. Overcome by my absence one afternoon during my father's illness, a disciplinary attitude.

**INSTALLMENT 67.**  
Defeat.  
It was hard to take Jonathan seriously just then.

"Are you laughing at me?" There was surprise, utter helplessness, anger, in Jonathan's voice.

"No, dear—I wasn't laughing at you. Now go back to bed—good night."

"You don't 'good night' me!" He was raging again. "I tell you I've had enough of this now! Enough of your running around. I say!"

His face had turned a queer deep red.

I was chilled, terrified by the sudden turn of affairs.

"I have tried to be thoughtful!" My voice was so low that my words were scarcely audible. "I hadn't meant to neglect you—this afternoon. Father was ill—so I stayed longer than I should have, perhaps."

"Tried!" He seized upon the word.

**MANGUM BADLY BURNED**  
Throws Kerosene on Top of Live Coals.

V. F. Mangum, 26, of Chamblee, is in the Grady hospital suffering from burns received early Sunday morning when flames leaped out of a boiler.

In India girls are often betrothed before birth.

## HOUSEHOLD SUGGESTIONS

The Same When Melted.  
Thinly sliced cheese will act the same as grated cheese on baked dishes and save a great deal of time.

**Dry Poultry.**  
If the fowl to be roasted seems lean or dry, place pieces of butter over it before you put it in the oven and baste frequently.

**Tough Meat.**  
If the fowl or meat for boiling seems tough, add a pinch of soda to the water in which it simmers. It will make it nice and tender.

**Save Those Fingers.**  
If you are not a very good carpenter and you must drive a tack in an awkward place, press the tack through a strip of stiff paper and hold the paper instead of the tack.

**Lighter Food.**  
By lifting the articles out of the boiling fat three or four times when frying foods, they will be much more puffed up and light when finished. This should be done very gently or the puffed will fall away from the food.

**Wintry Weather Greetings Hardings Sunday Morning**

**Augusta Sun Soon Warm Up Presidential Party, However.**

Augusta, Ga., April 1.—The Easter cold wave of the north, reaching far down into the south, met President and Mrs. Harding on their arrival here today to spend the final week of their vacation, but its chilly blast was soon forgotten in the cordiality of Augusta's welcome.

After nearly a month spent under the warm and sometimes almost broiling sun of Florida the return to a taste of the weather experienced during March in the northern part of the country was most noticeable, and members of the vacation party promptly cast aside the straw hats, flannels and other summer clothing which they had been wearing. An Easter Eve, however, soon warned the guests and by noon everybody had pretty well thawed out.

The special train on which the president and Mrs. Harding arrived here at 7:30 o'clock last evening, arrived here soon after 6 o'clock this morning, but the president and Mrs. Harding stayed aboard until nearly 9 o'clock. Although the hour of the arrival had been kept secret, several hundred people were at the station along with an official welcoming delegation headed by Mayor Julian M. Smith and George R. Lombard, president of the chamber of commerce.

Another welcoming group awaited Mr. and Mrs. Harding at the Bon Air-Vanderbilt hotel, where they will stay during their visit to Augusta. This group included Speaker Gillett, of the house; former Judge Kennasaw, of the Georgia supreme court; Hitchcock, of Nebraska; Dr. Nicholas Murray Butler, and Charles D. Hillis, republican national committeeman for New York. Many of these called at the presidential suite during the afternoon and left their cards, and probably will call on the president and Mrs. Harding later.

In observance of Easter, the president attended two services. Accompanied by Speaker Gillett, Secretary Christian, and Brigadier General Sawyer, he attended the morning services at the First Baptist church. After leaving the church, he went to the Masonic temple and participated in the Easter services there, making a brief talk. Somewhat tired by a long train ride, Mrs. Harding did not attend church as had been expected.

In accordance with his expressed wish, no public functions have been arranged for the president during his stay here and most of the week will be devoted to golf and rest. Other members of the party on their arrival, however, were greeted with invitations to entertainments, barbecues and dinners, given by the chamber of commerce, various clubs and other organizations.

**TRIP TO ATLANTIC CITY IS OFFERED BY AD CLUB HERE**

Following recent action by the Atlanta Advertising club, which permits firms to hold membership in the club, and in order to create an interest in the drive for firm members, the club, according to an announcement made in a letter to The Constitution Sunday, will give each member securing six firm memberships transportation to Atlantic City, including Pullman, either by rail or water, and to those securing ten memberships, transportation, Pullman, and hotel expenses for four days.

Besides the trips offered for securing memberships, the club is in search of a songwriter, who can compose a lyric to the tune of "Jingle Bells," that will express in words and music the spirit of Atlanta, and can be used as the Ad club's own anthem. So, according to the announcement, write as many verses as you can and your reward, if the song is accepted, will be a delicious Merita cake. The song will be used at the meetings of the club, and also by the delegation to the convention in Atlantic City.

**English Lecturer Speaks at Chamber In Atlanta Today**

Mrs. Maude Lambert-Taylor, English journalist and lecturer for the American Theosophical society, delivered an address on "The Way of Theosophy," at the chamber of commerce Sunday night. She talked on the fundamental principles of theosophy, explaining the theosophical hypothesis concerning the creation of the universe, and further stating that reincarnation is a very old truth just being brought to light again, after many centuries, in western lands.

"The Occultist and Mystic," will be the subject of Mrs. Taylor's address at the chamber of commerce Monday night, and on Tuesday night she will speak on "Theosophy in Dante's Divine Comedy."

## Negro Wounded When He Draws Gun on Officers

James Few Taken to Grady Hospital—Another Negro Is Also Hurt.

James Few, negro, 162 Randolph street, and G. Johnson, negro, 183 Randolph, are in Grady hospital, the former suffering with a shattered left hand, and the latter from a slight

wound in the foot, following a duel between Few and four policemen. The officers were called to the scene following a fight between Few and Johnson. Call Officers John Crankshaw and Henry Donohoe entered through the front door of the house, and detectives L. P. Portwood and L. Zells, went to the rear door. As Crankshaw entered the negro grabbed his shot gun and the call-man fired. Portwood then broke through the rear door, and sent two bullets at the black, who tossed up his hand in surrender. The left had been shattered by a bullet. It has not been determined whether Portwood or Crankshaw fired the shot that wounded him. After the fight was over it was found that Johnson, who had led the policemen to Few's house, had been shot in the foot. It has not been

you've heard "reduced cost of living" and "back to normalcy" so much and so long that you've about come to the conclusion that it's all buncomb---

but, men---listen!

# at last it's a reality

and we can convince the most skeptical

we have arranged for a new method of purchasing woollens that will afford us a distinct advantage in two extremely important ways. Advantages that we propose to pass along to our customers.

here's how---

---and why

this new method of buying gives us a wide range of choice in materials and patterns in both foreign and domestic woollens of the very finest qualities, at a cost that eliminates jobbing and wholesale profits—we deal directly with the manufacturers.

this new connection guarantees us against being forced to carry over any surplus materials whatsoever, thus eliminating what is known as the "carrying cost," which is an overhead and operating expense that must be taken care of in the charges to the customer.

for instance---

by this new method of operation we are able to make reductions in our prices of from 10 to 20 per cent.

regular \$60.00 to \$80.00  
tailored for YOU suits  
at actual reductions of  
\$10.00 to \$20.00

these suits are made of the finest imported serges and worsteds, in a dominant selection of patterns, tailored, of course, in that supreme TALBOT quality of workmanship—unequaled. In some instances two pairs of trousers go with a suit.

and further---(be sure to "get this," men)

from one special lot of handsome woollens, we can, under our new arrangement, put out a value that is beyond comparison, in suits at—

\$18.50 and up to \$50.00  
(Yes, Boys, they are All Wool!)

In the TALBOT establishment everybody works. Nobody plays golf, billiards, pool or promenades the streets when they should be at work, and it is obvious that our customers don't have to pay for this "lost" time. Fact is, our operating costs are extraordinarily low.

# C. P. TALBOT Co.

**Smudge Protects  
Peaches in Cold  
Weather Sunday**

Impressive Spectacle Around Reynolds as Thousands of Fires Blaze.

Reynolds, Ga., April 1.—(Special.)—Providing an immense spectacle never witnessed before, thousands of smudge fires were kindled Sunday night in a successful effort to save peaches from frost. The whole peach territory was ablaze from 9 o'clock last night until 5 o'clock this morning. Growers state that no loss was suffered from frost. This section will ship 500 cars this season.

**NEW FORSYTH HOTEL  
BUILDING TO BEHOLD**

Juliette, Ga., April 1.—(Special.)—Work on Forsyth's new brick hotel will begin this week under the supervision of a Macon architect and it is expected the building will be completed this summer. It will be on the national highway, will cost about \$50,000 and be modern and up-to-date in every respect. A petition for a charter for the Forsyth Hotel company, owners of the new hotel, has been filed in Monroe superior court by the following stockholders: R. P. Brooks, G. W. Newton, C. T. Wolf, Roland Anderson, Charles Hardin, T. J. Hardin, R. J. Bittick, J. L. McGee, J. M. Ponder, Bramlett Hardin, R. C. Goodrich, R. B. Stephens, R. T. Persons, G. Ozden, Persons, Paul Chapman, W. S. Boatwright, V. B. Hooks, W. G. Wolf, T. R. Talma, Lutz & Banks, H. F. Williams, E. S. Tucker, W. O. Perrett, Samuel Rutherford, J. O. Elrod, Paul Cator, A. Bloom, Hugh Worsham, H. H. Hardin, C. L. Alexander, W. A. Tribble, Charles Maynard, F. E. Rowland, and Frank Bennett.

**J. C. NORTON TO HEAD  
TEMPLARS IN JACKSON**

Jackson, Ga., April 1.—(Special.)—J. C. Norton, well known Jackson business man, was elected as eminent commander of the Templars, Friday when the annual election was held. Other officers elected include A. B. Lindsey, Geo. J. P. Lemon, C. G. W. L. C. S. W. W. P. Newton, J. W. D. G. McMichael, prelate; L. R. Hopkins, secretary; J. C. Jones, treasurer; R. P. Newton, Sr.; L. P. McKillen, Sec. R.; A. W. Newton, W. A. C. Finley, H. M. Moore, H. O. Ball, guards.

**Charged With Theft  
Of Pearl Necklace  
From Irene Castle**

New York, April 1.—Charged with the theft of \$9,000 pearl necklace from Irene Castle-Treman, the dancer, James R. Cooper, proprietor of a theatrical gem shop here was locked up last night. He was arrested just as he was about to enter his fashionable suburban home at Seabright, L. I. The charge was grand larceny. Last October Mrs. Castle-Treman took the necklace to the Cooper shop to be appraised, she told the police. Each time since then that she visited the shop to regala the gems she was told the proprietor was not in. On Cooper's person was found a ticket indicating he had disposed of the pearls for \$1,500 the day the dancer left them at his shop. Police say he confessed he did it because he needed the money.

**NEW OFFICERS NAMED  
BY SUNDAY SCHOOLS**

Jackson, Ga., April 1.—(Special.)—Officers of the Sunday School convention of the Kimball association, held at Mt. Vernon church Thursday, include: J. H. Patrick, president; R. N. Etheridge, vice president; W. J. Waits, secretary. Four district presidents were named as follows: Jenkinsburg district, J. H. Jackson; Towaliga district, O. L. Weaver; Macedonia district, J. C. Kimball; Mt. Vernon district, J. E. Pettigrew. Mr. and Mrs. R. N. Etheridge, J. H. Patrick and J. H. Carmichael were elected as delegates to the State Baptist Sunday school convention in Cordele, April 4-6. The next meeting of the Sunday School convention will be held at Macedonia church.

**TYPOGRAPHICAL ERROR  
GROUNDS FOR APPEAL**

Macon, Ga., April 1.—Because a stenographer transposed the figures in a house number, in drawing an indictment Judge H. A. Maguire yesterday granted a new trial to J. E. Nesbitt, convicted and sentenced to serve from ten to twelve years for burning his wife's house. Nesbitt told the witness stand during the trial admitted that he burned the house, but said that he had quarreled with his wife, got drunk and didn't remember what happened. The house number in the indictment was 3736 Houston avenue, while the actual number was 3627.

**MINIMUM DONATION  
SET BY POLE BEGGARS**

Warsaw, April 1.—Polish beggars, having formed a trade union, have agreed upon the following articles of association at their inaugural meeting: 1. Areas to be covered by each member are clearly defined and must be observed. Members pledge themselves to restrict their activity to their own territory and not to poach on each other's preserves. 2. The Warsaw tariff has been fixed at 20 marks. Any beggar accepting less will be expelled from the union.

**Some Big News Will Be Announced Soon  
About Spring and Baker Street Section**

We have the exclusive sale of the NORTHWEST CORNER OF SPRING AND BAKER; 113 feet on Spring; 120 feet on Baker, with a 10-foot alley on the side. We recommend this as a safe investment or for an almost sure profit in a reasonable time.

**AUTO COLLIDES  
WITH FIRE TRUCK  
EARLY SUNDAY**

A fire truck responding to an alarm early Sunday morning crashed into an automobile at the corner of North avenue and Marietta street. Although no one was injured, both machines were badly damaged. The automobile was occupied by Leonard Smith, and his family, of Marietta. Hearing of the collision Chief W. B. Cody of the fire department, asked that no charges be instigated against either Mr. Smith or the firemen in charge of the truck.

**MAN STABBED  
THREE TIMES  
SUNDAY NIGHT**

P. D. Wander, 27, Whitehall and Fair streets, was stabbed three times in the left shoulder, he stated, by Lester Tyre, of 30 West Fair street, Sunday night. Wander was carried to Grady hospital, where doctors treated him. He was then taken to police station and held under charges of being drunk and disorderly. Call Officers W. A. Goode and W. P. Bullard later arrested Tyre, and charged him with the stabbing. Although no details have been learned the police are believed that the stabbing took place in Tyre's home.

**JACKSON POSTOFFICE  
WILL BE ENLARGED**

Jackson, Ga., April 1.—(Special.)—The postoffice department has closed a contract with the Farmers & Merchants Bank to enlarge and improve the building for a period of ten years. The new building will be a large postoffice building necessary. When completed the building will have a floor space of 1,541 square feet, the minimum called for being 1,500 square feet.

In connection with enlarging the postoffice building, the Farmers & Merchants Bank announces that it will extend the present bank building and will add three new offices, one for the directors, one to house the Western Union and one as a cotton sample room. All the work will be completed in ninety days.

**CAMPAIGN IN FLOYD  
TO RAISE POULTRY**

Rome, Ga., April 1.—(Special.)—Poultry raising will be an important industry on the farms of Floyd county this year as a result of the campaign that is being conducted by M. W. H. Collins and Miss Jessie Burton of county agents. At meetings held throughout the county Friday night scores of men and women placed orders for "baby chicks" to be delivered in lots of 100. They will become the foundation of pure bred poultry raising in the county.

Business men speaking at all of the community meetings told the farmers that the banks of Rome are backing the movement and are ready to lend money to any reliable person who desires to develop a flock this year. They also gave assurance that there is a market in Rome for every chicken and every egg produced in north-west Georgia.

These meetings formed one phase of the "better farming" campaign that is being conducted by the farmers' advisory council under the direction of county agents. Other phases of it will include, dairying, truck farming, fruit raising, potato raising and scientific cotton production.

**Hartford Insurance  
Men Open Conference  
Here This Morning**

More than 100 representatives of the Hartford Fire Insurance company, from almost every state, will convene at the Piedmont hotel at 9 o'clock this morning, for the annual conference of southern representatives.

The conference is held for the purpose of mapping out plans for the year, to promote co-operation among the men, and to offer suggestions for the improvement of the company's service to policyholders. Officials from the main office in Hartford, Conn., will be present and will make several speeches to those present. The conference will close Thursday night with a banquet at Druid Hills Country club.

**MORTUARY**

**PERMITS O'KELLEY.**

Logansville, Ga., April 1.—(Special.)—Permits O'Kelley, 71, prominent citizen of Logansville, died at his home here yesterday after an illness of several months.

**Live Near Emory University**

If you have a son to educate, think of the advantages of living in walking distance of Emory University. A home near Emory or Yale is beyond the bounds of possibility, yet in Atlanta the cost of a home near Emory is within the reach of the average family of ordinary means.

We are selling fine residence lots in the Emory Section of Druid Hills for only \$2,500. As a usual with lots of this size, they have electric, gas, water, sewer, concrete streets, electric pole lines, telephones; all these ready for immediate occupation; no pioneering in Druid Hills lots, the company provides every convenience for immediate home use.

A number of these lots have already been sold, but we have a good many others ready for selection. All Druid Hills lots are free of every encumbrance and are sold under moderate terms of payment. We strongly urge an early selection for those who complete building in the spring.
